

Year 6/7 Maths Transition Day

Key Information:

When? Thursday June 18th

But when specifically, when? starts with a briefing in the memorial hall at 7.40

Where? All over school! (Watch out for the fun run!)

What's different compared to last year? This year, we're going **DIGITAL**, all of the information will be shared with you via Google Drive, so look out for an email from your tech coordinator!

What is a tech coordinator? This year each team member will have a specific role – leader, auditor, researcher, logistics, photographer, time keeper, tech coordinator. More information can be found in the presentation or in the team document.

Are there prizes? Doing maths all day is the real prize! But yes there are actual prizes.

What do year 7 need to do before the day?

Make sure that you know which group you are in and what your role requires you to do. For example, if you are a leader you

need to whip you team into shape! That starts with knowing who they are and saying hello before the day. Also, make sure you know where your first activity is being held so that you don't waste time.

Help! I'm confused! Ask a maths teacher (more specifically, ask Mrs. Morgan) or your tutor.
